### [SMILE Biscotti](#)

Supporting Matt's Independent Living Enterprise

If you think about the holidays and begin to wax nostalgic, chances are you'll think of your Grandmother's best cookies, a cup of warm cocoa or maybe something a tad stronger. Hint. Hint.

Now the festive season takes on an even better taste with SMILE Biscotti. Supporting Matt's Independent Living Enterprise gives us all something to smile about. A young man with autism, Matt Resnik is a baker and entrepreneur. He has resurrected a combination of family recipes to create his own delectable treat.

The process of baking is exacting, demanding and full of measured steps which Matt thrives in. Guided by his family and friends, Matt is working hard on developing a sustainable business that will give him independence and purpose.

This venture not only tastes good, but it does good. That's a treat we can get behind.
